THE BIG NEWS

New Vet Hospital for Greystones

It's been years in the process but we are delighted to say that we moved into our new home in early November. The new premises is just a short distance from the Harbour, up Trafalger Road. There is ample parking with spaces available on site, in the car park opposite and along Trafalger road. We have designed a top class facility which has been awarded the highest certification by the Veterinary Council of Ireland's Premises Accreditation Scheme. It relates to all areas of the business including: external and internal presentation of the building, public safety measures, high quality treatment areas and safe, comfortable hospitalisation facilities for the pets. Our new surgical and diagnostic facilities will enable us to provide our clients with a top quality service from a high quality building. Our aim is to provide a friendly and professional service to the locality and most important of all, to give your pets the best of care.

IN BRIEF

Check out our new website!

It is packed full of very accessible information on how to look after your pets. You'll also find information on our **FREE** nursing services, latest hospital news, products available and much more!

In designing our hospital, we have laid out the entrance and facilities to try to suit the needs of clients who use wheelchairs. Thanks for bearing with us over the years!

IN BRIEF

NEW PET FOODS

We now stock the new vet exclusive 'VetEssentials' range of cat and dog food from Hills, as well as our ever popular Burns premium range.

OPEN DAY!

Once we are settled into the new premises, we'd love to show you around. We will hold an open day early in the New Year and all will be welcome.

NOW OPEN LUNCHTIME

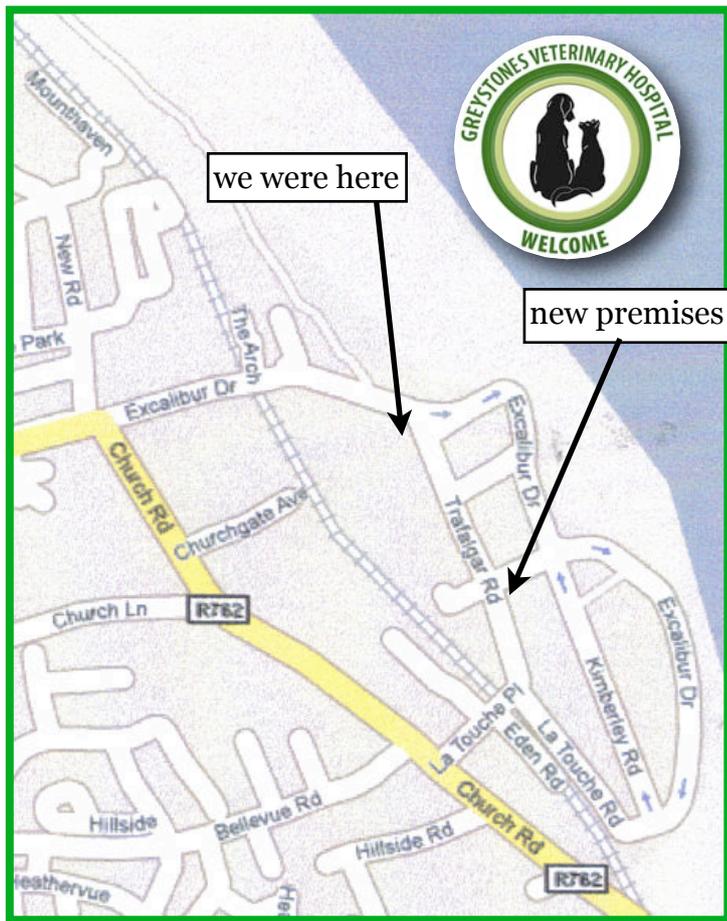

opening hours:

Mon - Fri : 8:00am - 7:00pm

Saturday: 10:00-12:30pm

'GO RAIBH MILE MAITH AGAIBH!'

We would like to thank the able team of people who have made the renovation and transformation of our new premises possible. Our builder James Gallagher and his team, along with architect Bill Hastings have done a brilliant job in delivering a top class hospital and restoring a heritage asset to Trafalgar Road and Greystones

We all experienced the outdoors arctic chill of winter over the moving in period but thanks to our underfloor heating the pets have been nice and cosy in the treatment and kenneling areas. We look forward to giving you a warm welcome in the coming year and would like to wish all our clients a peaceful Christmas and a HAPPY NEW YEAR!
